

La-Pha-Pack Stainless Steel Cleanroom Crimping Tools

Ensure sample integrity in cleanroom environments

La-Pha-Pack cleanroom crimping tools are made entirely of stainless steel for maximum durability during dry heat sterilization or autoclaving.

- The crimping/decapping mechanism is corrosion and heat resistant while the stainless steel construction removes the need for any protective coating on the handle or crimp head.
- Can withstand repeated sterilization for cleanroom use without the risk of damaging the tool.
- Available in 11mm, 13mm and 20mm sizes.
- Crimping tools are adjustable in crimping pressure and height to offer optimal crimping results on varying vial styles.

Ordering Information:

La-Pha-Pack Cleanroom Crimping Tools

Description	Size	Part No
Stainless steel crimper	11mm	11 06 2225
